Dear Sir/Madam,

Warm greetings!

We are writing on behalf of the Municipality of San Miguel to inform you that we have decided not to utilize the municipality's share from the financial benefits under Energy Regulation 1-94 (ER1-94) for the Calendar Year 2024.

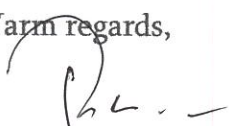

After careful consideration and assessment of our current financial priorities and obligations, we have determined that it would be prudent to defer the utilization of these funds at this time. Instead, we have chosen to augment our resources by integrating our Municipality's development fund, thus enabling us to pursue more beneficial projects that align with our community's needs and aspirations.

Furthermore, please be advised that the Municipality of San Miguel will submit the Annual Work Plan for Calendar Year 2025 after the formulation of the Annual Investment Program of the Municipality for 2025. We aim to ensure that our plans and projects are aligned with our long-term development goals and are implemented in a strategic and sustainable manner.

We appreciate your understanding and cooperation regarding this matter. Rest assured, we remain committed to exploring opportunities for collaboration and partnership with BULACANSOL and other stakeholders to promote the well-being and progress of our community.

Thank you for your attention to this matter.

Warm regards,

RODERICK DG. TIONGSON
Municipal Mayor
Municipality of San Miguel
